We hope you will join us for a special showing of this highly acclaimed film by Anna Sofia Joanes which challenges the viewer to consider the impact of the foods they're eating and how it affects their body, their environment, and the future. A powerful call to action, FRESH is a must see for anyone interested in the grow/eat/buy local mindset.

After the film, we will also have information available for joining our CSA program for the 2010 season.
